Testimonials

“

I was extremely happy with my experience, it was a very well-curated scientific and networking platform, bringing together high-quality speakers, innovative companies, and aesthetic physicians from different parts of the world. What I enjoyed the most was the exposure to global trends in aesthetic medicine, especially the focus on regenerative aesthetics, injectables, longevity, and evidence-based technologies. The sessions were insightful, practical, and relevant to everyday clinical practice.

Dr Vinita SHARMA • India

“

I was highly satisfied with the academic and commercial aspects of the event. The curated topics were highly relevant, the lectures were incredibly informative, and the overall quality of the classes was excellent. Additionally, the exhibition floor was well-organized, and the exhibitors provided great value.

Dr Dinda Fath FAATHIREN • Indonesia

“

I had a very positive experience at AMWC Asia. I especially enjoyed the well-organized scientific program, the clinically relevant lectures, and the opportunity to exchange ideas with international colleagues. The hospitality of the organizing team and the professional atmosphere of the congress were also impressive.

Dr Shiou-Han WANG • Taiwan

“

I really enjoyed the opportunity to learn more about skin types and treatment approaches for patients from diverse ethnic backgrounds, especially beyond Japanese skin types. I also found the ultrasound hands-on seminar extremely valuable; it was one of the highlights of this congress. Overall, it was a great experience.

Dr Nakano YOKO • Japan

Testimonials

“

I had a very positive experience at AMWC Asia overall. I especially enjoyed the quality of the speakers, the scientific content, and the opportunity to discover the latest trends and innovations in aesthetic medicine. The organization of the event was professional, and it was a great environment for networking with colleagues and industry professionals from different countries.

Dr Lisandro Farollch Prats • Spain

“

The congress was truly international, and I did get the chance for interaction and exchange of expert opinions with foreign participants. What a delightful experience!

Dr Shao-Hsuan HSU • Taiwan

“

Attending AMWC Asia was a truly enriching experience. I especially enjoyed the high-caliber scientific sessions and the opportunity to connect with fellow experts from across the region; the exchange of clinical insights and emerging techniques was genuinely inspiring.

Dr Ruri D PAMELA • Indonesia
